

Introducing....

Project India
rescue - foster care - education

All funds collected this year go to Project India — Rescue, Foster Care, Education. Funds will be used to build a rescue center in the New Delhi slums. The rescue center will provide a home for abandoned women and their children, nutritional food, as well as education for other children living in the slum area.

The CFK promotional video will be posted online as of April 1 and churches will receive the CFK information with the Theme/Sleepover Packet in June.

Any offerings received before March 31, 2009, are still designated for the Bolivian Hope Center. Beginning April 1, 2009, any CFK offerings received will benefit Project India.
